

Attention: students returning from China (regarding Novel Coronavirus)

For students returning from Mainland China (including Hong Kong and Macau), please follow the instructions below, based on the notification of the Ministry of Education, Culture, Sports, Science and Technology dated on February 10, 2020.

1) For those who returned from Hubei Province or who had contact with those who live in Hubei Province

① If you have a fever (37.5 degrees or more) and other respiratory-related symptoms during the two weeks after returning home or entering Japan from China, please avoid contact with other people, wear a mask all the time, please consult by telephone with the nearest "Returnees and Contact Persons Consultation Center" immediately and consult a medical institution introduced by the center.

※ Regarding "Returnees and Contact Persons Consultation Center", please refer to the information from the prefecture where you live.

② Even if you have no symptoms, should stay at home and conduct strict health observations, refrain from going out. If you experience any symptoms, please take the same measures as in ①.

2) For those who return from mainland China except Hubei Province and have no contact with those living in Hubei Province

① If you have a fever (37.5 degrees or more) and other respiratory-related symptoms during the two weeks after returning home or entering Japan from China, please avoid contact with other people, wear a mask all the time, Please consult a nearby medical institution immediately.

② Even if you have no symptoms, should conduct strict health observations, refrain from going out. If you come down with any symptoms, please take the same measures as in ①.

3) Student who corresponds to the above should contact to offices below immediately. Please be careful the offices are different depending on your status.

If you are Freshman or Sophomore (except for Sophomore of Faculty of Health Sciences), please have a contact with the Academic Affairs Section, Academic Affairs Division.

If you are Junior or Senior (Including Sophomore and elder of Faculty of Health Sciences) and graduate students, please have a contact with the Academic & Students Affairs Division of your faculties.

Those who are infected or suspected to be infected with the Novel Coronavirus will be treated as those for school infectious diseases.
